

The Value of the Gale PowerSearch Platform:

NEW FEATURES

- Search Assist provides web-search functionality and recommendations similar to Yahoo and Google
- On-demand language translation includes three newly added languages: Chinese, Japanese and Korean
- Enhanced results include improved relevancy rankings and easier access to filters and limiters
- More intuitive advanced searching with Search Assist on the most used indexes

AND MUCH MORE

- Users can cross-search Gale holdings such as *Gale Virtual Reference Library*, *InfoTrac* collections and specific *In Context* resources
- Results include multimedia — images, video, and podcasts
- Search within result lists to target specific content
- Technology that delivers audio versions of articles and downloadable MP3 files
- Document management includes e-mailing, bookmarking, downloading or printing
- Easy-to-use citation tools facilitate research results

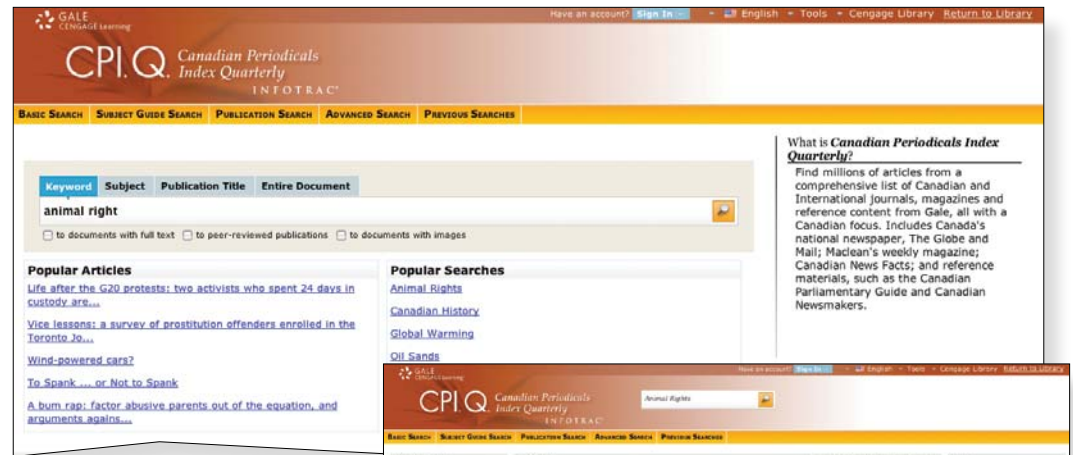

CPI.Q Canadian Periodicals Index Quarterly

The award-winning, full-text Canadian reference solution

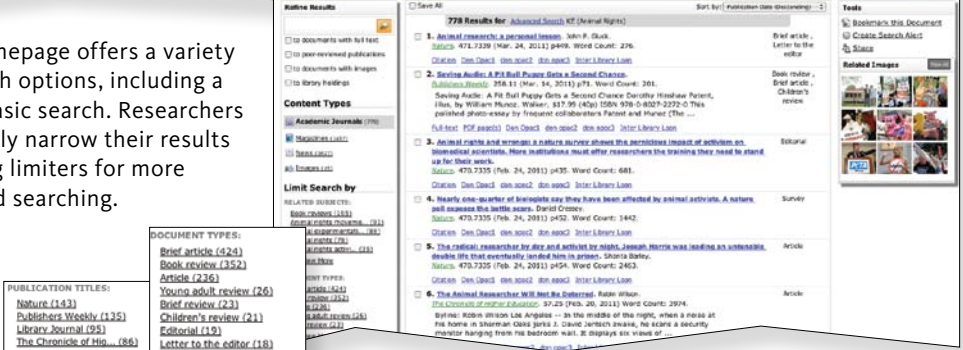

CPI.Q is Gale's award-winning full-text resource specifically designed to provide instant access to the most requested Canadian reference materials. Covering a wide range of disciplines, CPI.Q is the perfect one-stop resource for researchers in need of information from Canadian-focused journals, magazines, newspapers and reference sources.

CPI.Q features a wealth of Canadian and international periodicals, Canada's national newspaper *The Globe and Mail*, *Maclean's* weekly magazine and *Canadian News Facts* as well as comprehensive encyclopedic reference material.

Available on the state-of-the-art *Gale PowerSearch* platform, CPI.Q provides 24/7 access to a balanced collection of academic sources through your library's preferred interface and with the technical configuration customized to fit your needs. Perfect for researchers at all levels, CPI.Q contains millions of full-text articles (updated daily); a bilingual interface; thousands of biographies, company profiles, and historical documents related to Canada; and much more, comprising the largest available collection of reference material for Canadians.

▲ The homepage offers a variety of search options, including a quick basic search. Researchers can easily narrow their results by using limiters for more targeted searching.

▲ Tabbed lists organize results by type, providing quick access to academic journals, magazines, books, news and multimedia. Search results may be viewed by Subject, Document Type or Publication Title.

CPI.Q features:

- Indexing of more than 1,300 Canadian periodicals (English and French) with full text from more than 700 periodicals
- Backfile from 1980 to the present
- A user-friendly, bilingual interface (English and French)
- Coverage of a wide range of topics and issues related to Canada, including current events, health, technology, the arts, history, culture and business
- Current periodical articles integrated with Canadian biographies, company profiles, historical documents and other types of information
- More than 130 newspapers including the Toronto Star and The Globe and Mail
- More than 70 French language titles
- Detailed reference sources such as
 - Contemporary American Authors
 - Contemporary Canadian Biographies
 - Contemporary Canadian Musicians
 - Canadian Newsmakers and others
- And much more

The screenshot displays the CPI.Q website interface. At the top, there is a search bar and navigation tabs. Below, a search result is shown for the article "Animal antibiotics under tougher United States scrutiny as consensus grows on 'superbug' risk to humans". The article details FDA's stance on antibiotic resistance and the impact of superbugs. A "Bookmark & Share" panel is visible, offering options like Facebook, Twitter, and Print. A "Disclaimer" box at the bottom right states: "Disclaimer: You have requested a machine translation of selected content from our convenience and is in no way intended to replace human translation. Neither Gale nor the translators accept liability for any inaccuracies in the machine translation." The article text is presented in both English and Spanish.
